I met Arlene when I started attending Henry Ford High School in 1963. I was 15. We rode the same bus home every afternoon until she graduated. In 1968 when I married she was my bridesmaid. Then in 1971 my family moved to Ft Lauderdale, Florida and we became long distance friends. She visited me a couple of times and whenever I was in Michigan we reconnected. I love you and will remember you for ever. Sue Karen/ Susie Lucken

“ *We were sad to hear of Arlene's passing away. She was always willing to help at Congregation Shir Tikvah. She will be missed.*

“ To our dear friend Arlene,

We will miss you so very very much. Arlene was a faithful member of the "Coffee & Kibbitz" online social hour that began during the pandemic through Congregation Shir Tikvah. She would come to every single meeting that she could, and helped to spread a feeling of friendship, community and support. We will miss her greatly each week. Our group will not be the same without her. There will always be an empty seat.

On a personal note, Arlene was one of the very first people that my family and I met when we joined CST and attended a shabbat service. I'm grateful for her welcome. It helped us to feel like we were just where we belonged, in a community of caring people.

May your memory be a blessing Arlene. We are grateful for our time together and our friendship.

*With love and gratitude,
- Lauren Stein and the whole Coffee & Kibbitz group.*

Sorrow doesn't begin to express our feeling of loss at the passing of this good woman. She was kindness and generosity personified. I will always be grateful for her friendship and caring concern. I only wish I had been able to repay her during her struggle and decline. The best that can be done is to show "Chesed" to others in her memory. Goodbye dear friend. You will be remembered.

*I'm gratefully that my sister is at peace now. She had been suffering so much. It means a lot to me

Arlene was one of the members of the Dinner Divas, a group we formed many many years ago to bring the Shir Tikvah community together. She helped at every dinner and event we put on. She was a staple and someone we could always count on. May she rest in peace.

I have only just now pulled myself together so that I can express to others, those who really knew Arlene, just how much she meant to me, as well as to I other members of her CST family.

I will always remember my first encounter with Arlene. I had come to Shir Tikvah for service for the first time, and somehow had gotten the time wrong for this to start. Arlene was the only one parked in the lot at that time, and we started to talk while we waited for other folks to show up. I was looking very glad for her company, and will always remember Arlene for her encouragement and guidance throughout my first few months of attendance at CST.

May Arlene rest in peace, and may her memory be for a blessing. She will be missed by many, and never forgotten by those who knew her.
