“ It was a beautiful service. I still can't believe he is gone and I won't ever talk to him again. I feel so sad for his family and his devoted staff. I have been an HR Manager for over 30 years and never have I seen employees love and respect their boss as his staff has loved him. It was definitely mutual affection. Such a loss to so many. I trusted him, he made having going to the Dentist a pleasant event. I can't imagine sitting in anyone else's chair. Such a good mensch, life can be so unfair. Thank you Dr Platt for being a gentleman and a gentle man. Xoxo

“ I was returning from another funeral when this on

Rabbi Avie Shapiro - January 10, 2019 at 10:34 PM

“ I was returning from another funeral when this one was starting, and my "infallible" android wouldn't let me tune in to Allen's service in progress. It wasn't until late at night, at home, that I finally was able to watch and listen. The love of Allen's daughters for their father, and the summarized version of the life lessons that he taught them, came through so clearly - despite the emotions and the tears. But what is human life if it were missing emotion and tears, and yes - laughter!

And my secret mentor in "Rabbinics 101" - Rabbi Elimelech Goldberg has again demonstrated his unique style of rabbinic wisdom mixed ever so professionally with compassion and understanding of families in pain.

Although I did not know Dr. Allen Platt on the personal level, any dentist who was able to convince my wife to agree to sit in his dental chair, after most of his local colleagues failed in the attempt - wow! he must have been quite a dentist!!

May Avrohom ben Zvi be a Maylitz Yosher for his entire family, for the community that he loved so much, and for all of Klal Yisroel!

“ I was greatly saddened to hear the news about Dr. Platt. He had been my dentist for over 15 years and he was a kind, gentle and talented man, and extremely skilled in his profession. He will be greatly missed, but his legacy will live on in our hearts and minds, and through the many beautiful smiles he created. May eternal light shine upon him and may he rest in peace.

“ Just seeing this news now. Such a bummer!! Allen was very good guy who I enjoyed having in my dental class during our 4 years at Case. I also remember hanging out, talking and laughing at the 1984 class reunions. Godspeed my friend, say hey to John Blaszcak up above. miss you guys!!!

“ Allen was not only a friend but a colleague whom I admired. His skill in dentistry was unsurpassed. I met him when he was going to travel to Israel and needed someone to run his office in Roseville. He met me through a mutual acquaintance over 25 years ago. After working together before his trip for a few days, he left me his office. Those days working together before his trip left a lasting impression on this newbie dentist. Shortly after, he opened up the WB office. Then, after getting married, my husband and I bought a house less than half a mile from his office. I stopped in after not seeing him for a while, and introduced my daughter to him and he was so kind and funny. One day, she told me she felt something in the back of her throat. I looked and it looked like a piece of metal. My mom instincts took over. I said quick let's run over to Allen. We did and he immediately took a pair of forceps and got the "raspberry seed" out. He was so kind and told me to just relax and enjoy life--not to worry. And truly that is the way he lived. It was contagious and you couldn't help but feel safe when you were around him. You knew if you needed help with anything he'd be there. My heart goes out to his girls that he adored and was so proud of. I can only hope to reach the depth and breadth of his achievements in dentistry, his career and his devotion to all people he came in contact with. I feel such emptiness, losing the "wise one" that was part of my life.

“ I just found out that Dr. Platt has sadly passed away. Although I didn't know him long he had changed my life forever. He didn't just change my smile, he changed my spirit. The love and care he gave to every single person who walked in his doors was always truly amazing to witness. I am grateful I was able to give him a hug filled with tears as I cried about how much he changed my life for the better. To those loved ones around him, my sincere condolences. I hope you can rest easier knowing how he made a difference in EVERY person he came in contact with. It's very apparent he lived his life with Grace, love, passion, compassion, joy, kind heartedness, laughter, sincerity and so much more. You will miss Dr. Allen Platt!!!!

“ Today I just found out my former boss passed away. I am truly in shock! I started working for him fresh out of hygiene school. I didn't even have my licence yet. He took a chance on a fresh graduate. For 10+ years he was not only a generous and fun boss but a friend. A memory I will always cherish is him singing at my wedding. My condolences to his family and especially his children. May you take comfort in knowing that he loved people well. Heidi Maul Tatum

“ Allen (z"l) and I met when I started Akiva Day School at the beginning of my 7th grade. He was in 8th grade but was the first in the school to talk to and befriend me. During my whole 7th grade year he and I were inseparable best friends. It being a year of Bar Mitzvah for all the guys in 7th and 8th grade, I was constantly at the Platt house as their guest for Shabbat (I lived in distant Southfield, not within walking distance of the "Mecca" of Orthodox life, Young Israel's of Oak Woods/Greenfield. I always had a blast with Allen, while we attempted to dodge the austere but quick witted Hecky (whose name I later appropriated for a song I wrote)) and feasted on Gribines (which, I had no idea what it contained)) and Sweet Breads (which, belying it's name, I really didn't know what it contained... (pancreas, I think). At the Shabbat table after Eishes Chayil, the "men" would discuss some layning (both Murray and Allen were fantastic Ba'ale Koriim), while Phyllis, Cheryl, Anna and Mrs. Platt would also be involved in a parallel heated discussion, while bringing out one delicacy after another. Allen would usually be put on the spot for a quick Dvar Torah, (in which he would, despite the possibility of getting in trouble, laugh and poke a little fun at the assignment), and was simply unable to stifle his expressions or humor. Though we drifted apart after that year , sitting in Jerusalem, after finally making Aliyah, myself , I think of our talks about Israel...After Shabbat we would go to either a Bnai Akiva event (which I favored), or an NCSY event (that he favored), in a desperate effort to meet some girls (We both hankered for the sublime Pauline Klein, older and out of reach)...His ineffable charm and sense of humor were always present... I'll always remember and miss that part of him...Baruch Dayan Emet....

“ I'm in total shock....He was such a kind person to me. We had a ton of fun and laughs whenever I came to the dentist. I truly looked forward to seeing him and his staff. We had inside jokes and everything. They were like family. Dr. Platt transformed my smile and I'm soooo grateful to him for that. He kept me calm,

encouraged and ensured me I would still be beautiful after it was all done. I would travel from Atlanta to go to the Dentist once I moved. I will truly miss him

Jimika Barnett - January 26, 2019 at 12:11 PM

“ I simply cannot believe Dr. Platt is gone ~ it just can't be. Who looks forward to going to the dentist? ME! Who had a secret crush on their dentist? ME! I will so miss the laughs we shared, the music we listened to and all the world problems we tried to fix. I moved back from California in 1990 and was referred to Dr. Platt. It was the best referral I ever got about anything. His kindness and cheerfulness always put me at ease. His professionalism and skill was unmatched. I cannot imagine how devastated his family and staff (which was family) are processing this shocking event. I am saddened beyond belief and will miss my friend immensely.

“ Only one word describe the death of Dr. Platt “SHOCKING”. He was a kind and dedicated human being to his fellow man! He was my dentist for several years. Never have I had a dentist of his caliber. He loved his magical art of dentistry. With the music playing he orchestrated what ever dental work I needed done. He was a one of a kind human being and has left a life time impression on many people. My sincere condolences to his family, friends, and staff. Those who met and knew him will care him in are hearts forever.

“ I moved to Michigan in 2003, not knowing a soul and was referred to Dr. Platt by a friend. Through my six years in Michigan, we spent a lot of time together with my series of multiple dental problems and issues which he handled so gracefully and professionally. I never enjoyed going to the dentist before that, nor since. He was the

best dentist I ever had. What stands out in my memory most is that he always had a happy face, and he always played music during the appointments. We talked a lot about music. We had a lot of jokes and fun, through my good times and bad times... in that dentist chair. The last time I saw Dr Platt, was after I had moved away to Kansas City. I was having a serious dental problem and my dentist in Kansas City could not see me. I was scheduled to fly out to Michigan the next day to see old friends. I called Dr Platt and he answered on the first ring. He accommodated me the minute I arrived in Michigan... And I will be forever grateful. He talked so much of his lovely family overseas and his visits he cherished. And, he talked so proudly of his beautiful girls and of course his dog. Such a vibrant person, who will be sorely missed by so many. My prayers to his family at this difficult time.

“ I take the moment to extend condolences of the passing of my friend Allen Platt. I have been out of Detroit for almost 30 years, however maintained a connection to the Platt family as his late parents, brother Murray(a"n) and three sisters are here in Israel. Allen went to school with me at Akiva, we were in classes together, we were involved with the NCSY group in our shul, then it was Young Israel of Oak Woods. I have many memories of him and was glad to know him thru the many years. He will be missed.

Alan Gordon - January 14, 2019 at 04:11 PM

“ My entire family was fortunate to have Dr. Platt for 20 years and I can honestly say his humor, patience and chair-side manner is the only thing that got me to the dentist. The practice he created and the staff that he worked with are some of the best people on the planet. He cared for my kids and is the only dentist they have ever known.....he made sure my kids had a relationship with him---in and out of the chair. That man was one of a kind. We will miss him dearly. Our heartfelt sympathies, thoughts and prayers are with his entire family and his staff.

“ **Mike Putz**
I moved from New York to Michigan when I was 22 years old. I started seeing Doc when his practice was in Roseville. I'm now 53 and since my first encounter with him I've moved to 2 different states and back to Michigan. He's always been my Doc. His gentle kindness, genuine concern for my health, his wonderful personality has kept me with him all these years. I'm extremely shocked and saddened to hear of his passing. The world has lost a special person. I will miss him dearly.

“ I met Allen in dental school in 1980. We had an instant connection and became best of friends. I'll always remember his sense of humor and his laugh. It was always fun when Allen was around. I'm not sure I would have gotten through those 4 years of school without his encouragement along the way. I am so glad we had all of those times together. I have many fond memories of him making us laugh and can't wait to pull out a copy of our senior movie from dental school. Allen helped produce this movie and he also stars in it. It still makes us laugh after all these years!! I will miss

him so much.

“ I’m another hockey guy who has only known Allen 5 years or so, but I’m broken hearted to hear this news. While he wasn’t the greatest of wings (haha!) in our summer skate, I always enjoyed having him on my line with my dad and I. I’ll truly miss him, his sense of humor and spending time with him and the guys. Condolences to everyone, especially his daughters, who I know he adored.

“ I first met Al while playing hockey with my Dad in the Sting league a few years ago. He always had a smile on his face. With me being one of the younger guys to start skating in the league, I sometimes felt out of place, but not around Al. He always made me feel welcome which meant a lot to me. When playing against him, we would chirp back and forth and it was all in good fun. He always had a sense of humor and something witty to say. If I looked tired he'd say "Come on Matty, you're too young to be tired, can't keep up with us old farts!?" He'd give me a little shoulder or shove in the corners sometimes and He'd say "Matty, I got to give it to ya when I get the chance because otherwise I can't catch you!" I preferred to play with Al, rather than against him. It was so much fun and a joy to be on the ice with him. I'm glad I was able to play on his team one last time. I'll remember Al most for being a great person, and a great team mate. He was always cracking jokes and making everyone laugh. He had some hilarious one liners that i'll never forget. I will miss you a ton, AL. Rest in Peace.

“ Allen and the Zuroff family go way back. My father, Dr. Arnold Zuroff, was a mentor to Allen and a close friend...they loved fishing together and laughing together. My mother, Joanne Zuroff, was a close friend and a patient of his. I can still recall how sad Allen was when my parents passed away and it was clear that their loss was painful for him as they had such a close friendship. Although I was younger than Allen I used to play hockey with him in the Jewish Orthodox league on Saturday nights at midnight. He always loved to check me into the boards and give me a reminder not to mess with the older boys. Years later Allen became my general dentist and I owe him a huge debt of gratitude for everything that he did for me. Allen refused to accept even a penny from me and if I offered he would say "stop it you are like my own son". I really enjoyed going to his office and he always had me laughing in the chair as we talked about hockey and especially when he would poke fun at me by telling his assistants what a little twerp I was back in the day. he would say "Raffie

you have Rabbi teeth" and tell me that my teeth were in need of serious help. I already miss Allen but I am comforted by the knowledge that his neshama (soul) is in a lofty place in heaven. Allen healed people and helped alleviate their pain and he did so in a way that was comforting, and many times entertaining, to his patients. He brought laughter and smiles into peoples lives, and was so kind and respectful to everyone.

Allen lived a short life but he accomplished a lot and he is reaping his abundant reward in the next world. I am really going to miss you Allen and I thank you for everything he did for me and our family.

“ DR. ALLEN PLATT (our Dentist) 60 years young passed away the evening of Tuesday January 9, 2019 doing what he loved, playing ice hockey with friends at the Troy Sports Center. THIS IS A GREAT LOSS TO OUR HOCKEY COMMUNITY!!!!

My wife and I were in his office from 10:30 am - 12:30 PM earlier that day for her crown followed by X-Rays and cleanings.

I sat in while he installed my wife's crown. Lots of laughs with Allen. We joked about "beer league hockey", all the "scouts in the stands" and how us "old farts" love to play the game we love and HAPPY TO BE ABLE TO GO "HOME" AFTER WE PLAY . . . AND THAT HE DID . . . HE WENT "HOME" TONIGHT.

The timing and conversation from earlier that day has now become "AMAZINGLY COINCIDENTAL".

WE LOVED YOU WHILE YOU WERE WITH US, SADDENED YOU LEFT US AND YOU WILL BE MISSED AND REMEMBERED BY MANY, IN SO MANY WAYS !!!

GOD BLESS YOU, YOUR FRIENDS, YOUR STAFF AND YOUR FAMILY.

IT WAS AN HONOR AND A PRIVLEDGE TO HAVE KNOWN YOU DR. ALLEN PLATT !

“ Dr. Platt was my family's dentist for more than 20 years, and when I chose to become a dentist myself, he was my mentor. He always practiced his gift with kindness, honesty, joy, dedication & skill; & he showed me what it meant to truly rise above and beyond the call. There were so many moments I leaned on him for his wisdom and encouragement & I don't know where I would have been without his generosity. “ I met Dr. Platt well over twenty years ago when he was working at another location just up the road. I was scheduled with the other dentist but that day ended up seeing Dr. Platt. Sometime after he opened up his own practice and that was the beginning of our relationship. I ended up leaving Michigan for 12 years to live in Florida. Of all the Dr's I've had in my life he is the only one I remembered and returned to him as his pt once again. Except this time with my wife and child as well. Even with my wife complaining that she felt his office was much too far away. I told my wife trust me he's great.... You'll love him. They did the both of them.

I shall miss him and our conversations and me trying to converse with him while he was working on my teeth. I shall miss his humor and warm heart and smile. The world won't be the same without him.

“ I am beside myself shocked and in tears. I truly adored Dr. Platt. I hated going to the Dentist, but he made it a pleasant experience with his great personality and his skill and knowledge. He was so very kind. He drove all the way to Ann Arbor on his day off to help a patient of his who was receiving treatment out there. My father in law went into cardiac arrest in his dental chair and Dr Platt did chest compressions while his staff called for help. My father in law survived. He spoke about his love of his

family and his love of his dear Romeo. I am truly truly heart broken. I am so very sorry. He was so loved. I never saw a more devoted staff that clearly loved him dearly. To his Platt family and his staff, I dont know what to say. I am devastated and so very sorry. He will be truly missed, my heart is broken. Love from The Rothenberg family

“ I met Allen years ago playing hockey. We became friends almost immediately. He had a great sense of humor and was fun to be around. Allen was also my dentist and over the years was very kind to me in providing every service I needed at a cost I could afford. Truly a generous man. So sorry and sad for his family and wonderful staff. Mike Ainsley

“ Hi my name is Tzvi. I met dr Allen platt obm about one and a half years ago. I was being evaluated to be listed for a liver transplant and there's a whole medical work up I had to go through, to make sure I could handle a 12 hour liver transplant. One of the things that was a requirement was a full bill of health for my mouth. Because even an infection in the mouth can kill you with a surgery. My mouth was full of infections cracked missing teeth and cavities etc. it would take a lot of money to fix it all so I was at a stand still with being listed for the transplant because I couldn't afford to pay the amount it would take to fix my mouth. While I tried to figure this out an anonymous angel of a person was at a pharmacy with me and when I heard his name I recognized it (because of the rabbi in my Shul Rabbi Werner and also an amazing past employer of mine in a butcher shop (who is still in many ways like a father to me) who also mentioned to

me that this angel person had a transplant done about 6 years ago) so I asked him if he was the son of someone I knew pretty well. So we started talking and he asked me what's the hold up with being listed for transplant so I told him I don't have money to fix my mouth. Any way we exchanged information and we parted the very next day I got a call from him to call dr Allen platt office and that they were expecting my call and not to worry about the bills. So I called and sure enough his wonderful staff we're expecting my call and over the course of 3-6 months he fixed my entire mouth which took countless hours and local anesthetic. And then he gave me the signed paper with the bill of health and told me to keep coming in for cleaning and maintenance. He was an amazing person and I feel that someone really really special was taken from all of us may his family and friends only have good fortune and health and may he be given a very special place in heaven reserved for angelic human beings AMEN.

“ I first met doc the first year I skated for the Michigan Sting Hockey Club. I Was just given the estimate for implants and crowns and was pretty depressed with how much this was going to cost. In the locker room Allen looked at my teeth and said come and see me I will help you. Not only did he help in cost but gave me a smile that I hadn't had in years. That's how our friendship started. I consider Allen a good friend and will be truly missed!

“ I rarely combine knowing someone, even a little, personally and then add in a professional relationship. But Dr. Platt was the exception. He was a real mensch, and I will miss him. My condolences to his family.

“ I met Allen while playing in the "Yeshiva Hockey League" over 20 years ago. We hit it off right away and his kibbitz was to call me the "Shamus". We always had laughs and smiles on and off the ice. I became a patient and enjoyed having him as my dentist. I found him to be a warm, sincere and caring family man. We had a brotherly love and I am grateful to have had him in my life. He will be missed and always thought of fondly. May he rest in peace.

“ I met Dr. Platt when he was working in another dental practice. I had been seeing the owner but was scheduled to see Dr. Platt instead. Feeling a bit pushed aside I accepted the change anyway. What a blessing! It has been my privilege to work with this GIFTED dentist and human being for more than 20 years. As a psychologist I was impressed with his adventurous spirit and love of life. As a patient I flourished under his tender, excellent care. I cannot express the depth of my loss and know that it pales in comparison to that of his family and inner circle. The world is a much better place for his life and much diminished by his death.

“ I FIRST MET AL MANY YEARS AGO AT CRANBROOK ICE ARENA WHERE WE PLAYED ON SUNDAY MORNINGS. I HAD A SERIOUS MEDICAL ISSUE IN MY GOAL CREESE ONE MORNING AND HAD TO BE TRANSPORTED BY AMBULANCE TO BEAUMONT HOSPITAL. AL BEING THE KIND CARING PERSON HE WAS STAYED BY MY SIDE AND TREATED ME AS IF I WAS HIS PATIENT. HE KEPT ME CALM UNTIL HELP ARRIVED. FROM THAT DAY ON I CONSIDERED HIM MY FRIEND. HE THEN BECAME MY FAMILY'S DENTIST AND AGAIN CARED FOR US ALL LIKE WE WERE HIS EXTENDED FAMILY. I CAN'T EVEN BEGIN TO EXPRESS HOW SORRY I AM TO THE PLATT FAMILY, HIS GREAT STAFF, AND ALL THOSE HE HAS TOUCHED IN SO MANY WAY. I KNOW I AM A BETTER PERSON FOR HAVING KNOW AL. I'M SURE HIS MEMORY AND SPIRIT WILL LIVE ON. REST IN PEACE MY FRIEND!

“ Years ago I had surgery on my leg. To regain my confidence to get back on the ice Allen crafted a custom protective device for me using an old shin pad of mine. He did this on his own time at his home and was truly grateful that he could help me. I will never forget this. I am sure this is one of hundreds of examples of his willingness to help out others.

“ My dentist for 35 years. I followed him wherever he went. The kindest, best dentist with a hilarious sense of humor and a passion for life. Truly a shock and a shame that this kind and talented man is gone at such a young age and with so much to live for. My heart breaks for his family, friends and anyone who knew him. He will be sorely missed.
