“ We are honoring Ilene at the Move To Amend National Leadership Summit this weekend in Washington, DC. We are sad she wasn't able to join us. Her dedication and passion will be missed, but not forgotten. Here is a page from our program for the Summit.

“ Ilene was a friend who I admired. She was a caring, loving, and compassionate person. With a Indomitable spirit. When she believed in something like the Move to Amend movement. Her Perseverance in that course was infectious, you had to follow as she pulled you in. With a belief that was steadfast. I will miss her. Bless her soul, her spirit, and her memory.

“ Ilene was a tireless advocate for progressive causes in Florida. She died with her bootstraps on and she would have wanted it that way. One day, there will be meaningful campaign finance reform and it will be made possible thanks to the groundwork laid by Ilene.

“ I remember our trip to Tallahassee to attend the League of Women Voters State Convention. We lobbied our representatives and senators in addition to listening to presentations by current and past office holders. I will always remember Ilene's dedication to helping others and in working on causes dear to her.

“ What a shock and sadness to learn of Ilene's death. She was a good friend and champion for the common good. I have been working closely with Ilene for months from Venice, Florida and was looking forward to being with her at the Move to Amend Summit in Washington, DC. May 6-9. She was so excited to participate in that important event. Ilene has been a tireless promoter of Move to Amend, speaking at our Unitarian Universalist Justice Florida Legislative Day in Tallahassee in February of this year, and winning supporters for Move to Amend statewide at Legicamp. Her dedication to the cause was unflinching.
My heartfelt condolences go to her family and all who loved her.

“ I am shocked and heart broken when heard this sad news. She was fighting to get corporate money out of the politics and corruptions. She was a leader and dedicated to Move-to-Amend (MTA). She would like to come to my home but we didn't spend some time together, I am so sorry, Ilene. We will miss her deeply. My deepest condolences for her family.

“ I am heartbroken. She was a wonderful woman who lived her life as a true Progressive Democratic Activist who saw wrong and did everything possible to make it right. She will be dearly missed by everyone who knew her and the millions of people who she fought for in our country. She was a proponent of equal rights for all and dedicated to Move to Amend - Broward where she fought to get corporate money out of politics and to make sure that WE THE PEOPLE decide what is best for our country.

“ I knew Ilene here in Florida as a dedicated member of Move to Amend. She worked tirelessly towards positive change in this world and will be missed by so many who knew her and even, in the loss of an activist, those who didn't. I was looking forward to get to know her better as one of her room-mates at a MTA leadership summit in DC in 2 weeks.

To her family and friends, please know that she fought hard to make this world a better place, to give others a voice, and I ,personally, am grateful and promise to carry her with me through continued activism. Thank you Ilene.

“ thank you so much for your kind words I leave was my aunt if I was her only niece and I was so proud of everything she was doing as an activist. When she explained to me how wrong things were it made me very mad and I was very proud of all the hard hard work she was doing and all of the wonderful people who loved her and supported her and rallied behind her! I remember when she told me that she finally got A build-up to Tallahassee that I think she was working on for over a year she was so happy but she was also tired she relentlessly worked and worked and worked for the cause and I am so proud of her!

Sara - April 21, 2016 at 10:07 PM

“ We lost someone very special. She was a doer, often alone, fighting for causes and issues she believed in. I, for one, took her too much for granted. I should have thanked her and praised her more.
