“ I am very sorry for your loss. Nelson was a friendly, easy-going co-worker with whom I always enjoyed working. We only saw each other a few times at the office in Pontiac, but his great attitude and personality was refreshing. He never missed a chance to talk about how proud he was of his family and his admiration of their success.

We've missed him.

“ I too had the pleasure of working with Nelson at HP/HPE/DXC/Perspecta from April 2012 through April of 2018. Nelson was always friendly and down to earth. This world would be a much better place if we had more people like Nelson. With the current situation going on in the world, I was just thinking about him and hoping he was doing okay. I just learned of the sad news this evening and I'm saddened by the news. My heartfelt condolences to his family. It was my pleasure to work with Nelson. He will be sorely missed.

“ I am very sad to hear the sad news. My heartfelt condolences to his family. I worked with Nelson for the past 8 years with HP/HPE/DXC/Perspecta. He was a very nice man and good colleague. He was always proud about his sons and their achievements. I still remember he talking about his sons Matt and Noah playing ice hockey tournaments, their amazing interest towards Physics and Maths. I feel sad that he left too early and was not able to enjoy retirement. My thoughts and prayers are with your family.

“ I worked with Nelson at HP around 5 years ago. He was a very nice man, he loved his family and was so proud of his sons. I remember hearing stories about Matt and Noah playing hockey and how proud he was of Matt getting into U of M. I believe Noah also went there, but I had left HP by that time. I feel so bad that he was not able to enjoy retirement, I know he was looking forward to it. My thoughts and prayers are with your family.

“ I had the pleasure of working with Nelson at Flagstar Bank. We ended up working together again at HP/HPE/DXC/Perspecta. He was a great friend. Always willing to help and answer my many questions. We had a lot of good conversations, especially about his family and lots of laughs. I am so sorry for your loss. You have my deepest sympathy. I will really miss my friend.

“ I had the honor to work with Nelson at DXC and then Perspecta. He was a great man and always was available to help me and others. He spoke with such love for his family and loved to share stories about his sons. I will miss him greatly.

“ Nelson was only about 15 days younger than me (I am always the oldest!) and we were in kindergarten together at Einstein Elementary. I do not remember who else was in my class except for only 2 or 3 kids, but Nelson was certainly one of them. I remember him vividly. Over the many many years since then, I often wondered what became of him and always figured that "no news is good news". I am sad to learn of his passing today and am happy that he had a loving family and from what I can tell, a nice life. I have tried to search him on Facebook and such but I never did find him. I wish I could have been in touch with him even though he may not have remembered me nearly as much as I remembered him. I am sorry that his family lost him and I can only wish them my condolences. I hope to learn more about his life since I last saw him in Oak Park.
