“ *Adrienne had a kind, sweet soul.. She faced her health challenges without complaining. I will truly miss her. We had many adventures together and became friends even though at first glance we were different people. I loved her adventurous spirit. I feel truly sad and will feel her absence from my life.*

“ *For those of you who did not know ...*

Adrienne memorized the entire Gettysburg Address when we were in either the 6th or 7th grade. Everyone was so impressed and she recalled much of it years later.

Yes...Adrienne had a fine mind, a natural curiosity, a sweet personality and a generous heart.

“ Dearest Adrienne, I miss you so much already. We met at Leslie Towers in 1981 and we’ve been friends ever since. You and Harry and I hung out for years and did so many beautiful things together. I will miss talking to you. Thank you for being my family for more than 40 years. Tim and I love you, and you will be in our hearts forever. Love, Nina Bloom-Selling

“ Dearest Adrienne, we go way back to elementary school. The memories I have of our "adventures" together are priceless. Our fearsome foursome grew up together and shared many teenage experiences. I was always touched by your kindness and your ability to see good in every situation. You got so excited about events-- like attending the rabbi's Pesach celebration last year--and your enthusiasm was contagious. You were one brave woman and faced your health crisis with courage and insight. You will be missed. Thank you for being my friend! Wendy Cutler

“ Hi, Honey,
I am still in shock just knowing you've entered life eternal. I will miss you, dear friend...our daily chats, our laughs, our childhood remembrances, our rides to the "old neighborhood," our lunches, holiday dinners, even the trips to the doctor where you were always so optimistic about your eventual recovery.
I am regretful that I never hosted a post covid party with you and all of your wonderful friends. I am, however, very grateful for all the good times we shared...like your 70th birthday party. You looked so beautiful that night and so happy.
I will always be your loving friend, Adrienne, and will try to help Lenore through this very sad time. You gave us all strength, my dear one.
Say "hello" to your wonderful parents, brother, aunt, uncle and cousin...and please seek out my beloved parents, for they adored you.
Rest peacefully, angel.
I love you and will miss you.

“Adrienne and I met at the swimming pool at the Pines Apartments in 1982 and for nearly forty years we have done so many wonderful things together. We both traveled to visit friends in Arizona. Adrienne traveled to Minneapolis to see me receive my Masters degree from the University of Minnesota. Adrienne would go out of her way if you needed help. I am going to miss her very much.

“Adrienne we remember you so well - always a smile on your face - always happy and laughing. Such a gentle kind soul. Danny told Aaron about your passing and he was so upset - you left us with beautiful fun memories of being with you. Rest in peace it was a pleasure to know you and be around you.

“Adrienne you are one of my oldest friends. I remember seeing you with your ponytail and bangs when I was in 6th grade and you were in 5th at McKinley school. Who knew that much later in high school we would become part of a foursome of best friends. The 4 of us always together driving around in your car (because you were the only one of us that had a car) to the Dairy Queen, down Woodward, to Detroit to see the twins. We went everywhere together. I can't believe I just spoke with you two days ago making plans for when you get out of the hospital. You are at peace now with no more health issues. My heart hurts because you will be deeply missed. But one day I know we will be together again. RIP my dear friend. Love, Cheryl
