“*Dr Silbergleit - Dedicated his time to the American Cancer Society and American College of Surgeons. He served as a State Chair in Mi for many years! I remember when I first met him and he wanted to know everything about ACS! He was a joy to work with and share information too. He was always eager to make sure the community and his patients knew about the American Cancer Society. He will be missed!*

“*Awww, when I was the operator before they got rid of us, I would watch after him because I was scared he was going to fall. (we both walked out to our cars at the same time.) It was then I found out he was a Dr AND STILL WORKING! I Loved our short chats across the bridge. He thanked me Every time we'd meet up and say "your not watching my safety, Im watching yours" and we would laugh. May he Rest In Peace.*
