*Andrea and I became friends. I would visit her . She was a special lady and my friend. She always told me she loved me. I loved very much as my friend.*

*I used to work at the pet store that Andrea frequently shopped at. In fact, Andrea is the adoptive mother of two kittens from a feral mother cat that I adopted many years ago. I hope Simmy and Sal are doing well these days. I left the pet store abruptly in 2017 and I have always felt like she was one of the people that I was the saddest about, not being able to connect with before leaving .Then covid happened and things changed for so many of us. I was curious, and I googled her name and found this website and the webcast of her funeral. It is heartbreaking to me today as if it just happened. I was very moved by Michelle's words. To whoever took Simmy and Saul, I hope that things are well with them. My mom has their sister, Thelma, who is still preserving and healthy. I am going to visit Andrea's resting place soon.*

“ Andrea was a very fine teacher in the Oak Park School District and a very fine person.

“ *Andrea always told me that she "loved me", right up until the end. I valued that and loved the dear girl also.*
