“ *After the tears have dried and the goodbyes have been said, all we have to hold onto are the happy memories that we've shared with our loved ones who have passed, this is what keeps them alive in our hearts and in our minds, and they will continue to live on through us. we join our friends with thoughts of comfort in helping them get over the immense void left behind by the loss of my first and best friend, partner, and Brother. With love and remembrance.
