“ That was a beautiful service! Barb would have been bashful about all of the positive & kind words. They were all very true, heartfelt, and earned! I could not have asked for a more loving and accepting mother in law. More importantly, I could not have asked for a more compassionate, kind, & caring Bubbie for my 2 sons!!! I love you Bubbie and miss you!!

“ I was close to turning 3 when Barbara came into my life. I have so many fond memories of her. She helped raise me, taught me how to be a good mom, put up with my shenanigans with Staci for 48 years! I was always tickled when she would give me ice cream out of her ice cream truck. I thought it was the coolest thing in the world!! For some reason I loved watching her spread peanut butter on bread when she was making Staci’s lunch for school each day. It’s an odd thing to remember. But she made sure the entire slice of bread was covered evenly and smooth. When she would brush Staci’s hair, I can still picture it..she would use water and gently brush through it while Staci fussed. ;) but I could see how gentle and careful she was being. The love she had for Sheri and Staci showed in even the smallest things she did. I watched her be a fantastic mom then got to witness a loving, involved bubbie to her grandkids. Her sense of humor and laugh is something that will never be forgotten. I can hear her saying “Staci!” In shock over something Staci said and then start laughing. I can picture it all. Those who knew her were blessed to have her light in their life. She is not someone that will be forgotten and will always be loved. Her memory IS a blessing.

These last few years have shown what amazing women she raised. I know how hard it’s been and they stepped up and took such good care of her. Sheri-you’re amazing. The care you’ve given wasn’t unnoticed.

Barbara lives on in her girls. I’m so glad they were able to be with you, love you and be by your side. My love to the girls and grandkids and to others that are hurting. The world is less without her in it.
