May Barbara's memory be for a blessing. I have many fond memories of sharing holidays with her and your family at your parents house. May your memories of her bring you peace and comfort.

AW

“ I send my condolences to all the family.

Barbara was a dear friend. She and I were both nurses and Diabetes Care and Education Specialists.

We worked on many projects together, especially legislative advocacy for people with diabetes and improving care for people with diabetes who also have disabilities. She was a champion for underserved people, and worked hard to make sure that everyone could receive excellent care.

Both of us also had significant disabilities ourselves. We shared our challenges and helped each other to keep working as long as possible, then to care for ourselves as long as possible.

We shared many Passover celebrations together, sometimes with other guests who were at their first Pesach. Always the teacher, Barbara explained each part of the ceremony clearly, so the celebration was a joyous occasion.

Barbara was a truly loyal friend. I have many precious memories of her vibrant spirit and will always remember her.
