“ I met Barry in 1983... I remember being so impressed with his building expertise. I asked him questions as he was my go to for anything building/ handyman for 30+ years..
He and his friends Leonard, Richard help me and my husband follow in his steps and move our house to be rebuilt down the street. I have so many memories of Barry. One of 1000's of memories was when his beloved dog Ostie was unable to walk after surgery, a big dog, Barry created a fabric to carry him to go outside, it so touched me to watch his kindness.
He was that special friend I called when I needed that ride, he came over often to help, advise or be the extra pair of helping hands. As I went through a tough divorce, Barry was generous with supportive kind conversations. He was a special friend.
I talked to Barry only a few times when he moved to the apartment but those few times were meaningful , how we had gotten old and how fast life changes.
I will remember my special friend Barry, as part of that couple -- Barry and Ellen. I'll cherish many memories of them both as they both brought so much goodness to 30 + years of live.
The last few years communication faded but Ill carry them both with me with love for the rest of my life.
