“ I just found out after googling her name that she passed away. I can't begin to tell you how broken hearted I am. I regret not keeping in touch for a while. She was such an amazing person, she was like a mother to me. I love you so much Ms. Salzberg. I just wish I knew how you passed away. My condolences to the family, she was a treasure. May God rest her soul in heaven.

“ It is truly my pleasure to gotten to know Belinda over the last couple of years. She was an amazing person and never hesitated to offer a "teaching" moment! She allowed me to manage a team that provided personal care for her, and I am very grateful for the opportunity. Rest well in heaven, Belinda. Hugs and hugs and more hugs.

“ Me and my brother used to walk her Dog Nessa. After walking some days we would spend quite a while talking. She always had a story for everything and advice for even more things. She led a full life doing so many interesting things, it's a shame she was taken from us so soon. But I'm glad she got to do everything she did

“ *Belinda and my husband Jerry Zahler (who died in 2012) were friends at Mumford High School. I had my first latkes at her apartment in 1991, When he was in hospice, she brought him a shroud that she had brought from Israel. It was no easy feat for her to climb the steps to get into our home. That made her gift all the more precious. She and I continued our friendship after his death. RIP Belinda.*

“ *My memories of Belinda is she was always soft spoken. No matter how much pain she was in she still managed to be very kind. Also, she loved her pets and took very good care of them. May her memories be blessed. Livonia*

“ *Years ago I was Belinda loan officer for a mortgage While reviewing the loan docs she found three misspelled in legal Michigan forms. She actually circle them like she would've done with a students essay. Lol that's my girl. Friends for ever. Miss you already.*

I was her student at Busch Jr High in 7th grade. We were reunited through another classmate many years ago. We have exchanged phone calls many times in the last few years. I am so very sad to know that she has passed. I have learned so many things from her and her many experiences including those while she lived in Israel. May you Rest In Peace Ms. Salzburg!!!

I met Belinda at a union meeting for Jewish employees of DPS, in 1995, where they inquired whether we were experiencing antisemitism at our schools. Belinda spoke so glowingly about the school she worked at, Munger, that I approached her to enquire where she worked. She told me who to contact there and gave me her contact information. We worked together for 14 years and when she had back surgery I brought her paycheck to her home where we sat and had lengthy discussions. We continued to meet for coffee or a meal until she had difficulty getting around then we spoke by phone. She was one of the most upbeat and accepting woman I have ever met. I am saddened by her passing and will miss the light she spread.

Belinda Salzberg was my best friend. We met when we were both 8 years old. We kept in touch even when Belinda lived in Israel and Washington. We spoke on the phone every Friday to wish one another Good Shabbos. That was something she began after she returned to Michigan. I learned so many things from Belinda. My mother liked Belinda although we were the same age, my mother turned me over to Belinda's care and right she did. Belinda was so caring, independent and adventurous. I followed behind her as she led the way to places I had never heard of. We rode our bikes to the movies and bought candy without having to have a parent pay and select our choices. By observing Belinda with her dog, I learned about the way loving a pet is so gratifying. Rickey was her long haired collie whose left paw remained turned outward from a puppyhood injury. Rickey also had the worst breath ever. Still even after years that Rickey died, Belinda and I would recall times with him and remember his bad breath and laugh hysterically. Belinda made me aware of my being Jewish. I learned about history and shared practices and on Holidays, she would have me follow her on our bikes and go into different synagogues to see how they varied. Our dear Belinda, you are to be loved and remembered by many. I love you.

Barbara.
