“ I’m Elina. Bella was family from day one we met her 20 years ago. Although she was a close friend of my aunt and uncle, she welcomed us as if we were her kids. She treated us as such, too. She always offered her generous love and wisdom, never ceased to compliment you on your achievement or an outfit. I don’t remember ever hearing her say anything negative about other people. Bella had her unique way of making you feel special. It was always about you. An amazing conversationalist, she knew how to listen and she paid attention. Kids loved her. Adults wanted to be around her. She was intelligent and never showed it off, had great sense of humor and always laughed at herself. Only strong, charismatic people can do that. She was one. Those get-togethers will never be the same without your beautiful presence along with your signature khachapuri dish, Bella. Our hearts are broken but I find some comfort in thinking that you may be holding your son’s hand now <3

“ My name is Allan, Bella was a very close friend of my parents. Ever since I was younger, I was raised to call her my aunt, and that is exactly how it felt. My parents and their friends would go to the beach for a BBQ and Bella would show up with beach balls and lots of games for my cousin and I to play with. She was the cool aunt. Even though she was much older than us, she was able to keep up with us. She would chase us around, play with us in the lake, and find sea shells with us. It was never a dull moment with her around. I like to think her energy and enthusiasm kept her friends young at heart as well. Love You Tsotsa Bella!

“ My name is Hanna, I had the pleasure of working beside Bella. I loved her as if she were my Mom. She was an amazing human being full of life and spirit. She would make me turn around and give her a fashion show every morning just as she would compliment me every day. I am going to miss my Bella every day of my life. She has left a everlasting permanent mark on my heart. Rest In Peace my sweet Bella
