“ *Betty (& Al) were special friends of our family for many years. She was so caring & loving & enjoyed being together so much. We did many things together as a family from the time we were very young. After both my parents passed away I still enjoyed visits with Betty. She will be remembered with much love & affection. Rest in peace Betty. ❤️*

“ *My mother, Abbie Schneider, and Betty were cousin and friends. Betty visited my mother as often as she could and kept in touch through the years. After my mother's death, I kept in touch with Betty. I will miss her positive outlook on life and her great stories. May her memory be a blessing.*

“ My grandmother was an extremely special woman, filled with so much spirit and zest for life! She always made you feel loved, and cared for. Family was the most important thing to her and would always say "isn't it nice were all together" . She always had a great outlook on life and amazing ability to smile and laugh even in difficult moments. We had such a special bond and I will miss her every day. Forever loved grandma betty!
