“ So interesting and courageous a man, I never really understood what he had experienced. He was only known to me as a Shelly's dad and a generous neighbor who loved children, came home with nice toys (which was shared with me...especially the prized barbies) and of course the 5th row seats to see the BEATLES. (I still have the brochure from the concert...). May his memory be a blessing,
Maxine Haron

“ As a child, Boris would invite me to join him and the kids to go out and eat. I remember laughing a lot. *Tih Penfil*

“ *I will truly miss my buddy, my friend. I made a beef stew and rice for him and I on December 28,2017. We ate dinner together and talked about life. He was such a special soul. Thank you for your friendship and thank you for sharing your life stories with me. I am blessed for having you in my life*
