“ The Liebs were close family friends; my brother and I grew up alongside their family. We shared countless fun times, and I'll always remember Burton's larger-than-life presence. When I was twelve and broke my back in a car accident, Burton was one of the first of my parents' friends to visit. He taught me a breathing exercise that helped me manage my pain and calm down—a coping method I still use to this day. R.I.P., Burton. You will always hold a warm place in my memory.

“ Burt was a dedicated member of his condo board for many years. Always available to research projects and do hands-on work for the benefit of the community. He also participated in keeping our annual Taslich service at Pleasant Lake viable.

He was a real Mench and will be missed. Condolences to his family.

“ We never had the privilege of knowing Dr. Leib, but we know Jen very well. He and her mom raised a generous, smart, caring and loving person who adored her father and married in his image. Together the entire family gave the greatest gift one can give - a gentle, comfortable, dignified death surrounded by those he loved. We can only imagine how proud he was of his Jenny, their siblings, their spouses and his grandchildren. May his memory forever be a blessing and may you be comforted among all the mourners of Zion and Jerusalem.
