“ Carol was not only my regional manager but also someone who I could have good conversation with. She and my mother (sheila) became very close. They shared laughs, shopping trips to Macy’s, lunch, late night phone calls. She will be dearly missed.

“ Although I have not seen Carol in many years, I have sweet memories of her. She was my sister-in-law and I always thought that she was a very kind and loving person. May she rest in peace and be remembered for her goodness. Emilie Palef

“ Carol was my regional for 2 1/2 years and because of her, I was able to move ahead in my career here. She always had an eye for a person's potential, even if they didn't see it themselves. She was a great role model in business, and I have great respect for what she has achieved. I was fortunate to get to know her even more over this last year when she was my rock in these uncertain times. She made me laugh, believe in myself, and grow as a person just by being her. Her absence here is felt deeply and I consider myself fortunate to have had the opportunity to learn from the best. Thank you Carol, for your patience, guidance and your kindness.

“ Carol was so much more than a boss to me. I will miss all of our daily conversations and her sense of humor. She always went out of her way to make people happy and make sure they were okay. I miss her so much.

“ Carol was the best!! I was fortunate to know her for over 20 years. We met through work, but we soon we're friends..I was simply known as the "Landscape" & we worked together on endless projects. Carol was always fair, honest, kind & open to discuss anything I was having an issue with. I always knew exactly what she wanted done & she gave me the freedom to do it because she had confidence in me..I can't thank her enough for the great advice she gave me in business, managing people, family, relationships & life..I will continue to honor her by living my life & running my business with the values she instilled in me.. Thank you so much Carol!!! You were truly one special person....

“ *Cousin Carol in my world was akin to a favorite aunt. She was hip, and always fun to be with. Our conversations were deep, but she always gave a special perspective to the situation and way to smile on it. Anytime I needed to know something on life or a family member, she could always be counted on to make it fun and loving. Ava Shalom!*
