“ It's so hard for me to process and say Boruch dayan hoemes!
I remember your mother very fondly. She was so balanced-
relatable, down to earth, growth oriented and focused in her values.
She was positive and upbeat, had a sense of humor,
really felt for others, and always looking to be of help!
She had tremendous nachas from your accomplishments. May she
be the final gutte better to bring Moshiach now, and may you be
reunited with her very soon-

*We are extremely grateful to her for making my daughters shidduch.
Bh my daughter is happily married with 2 kids. We spoke very
frequently. She was always interested in my daughter and son in laws
accomplishments, meeting them, and seeing their kids. She built many
families with the shiduchim she made including my daughters. We so
much appreciate her advice and guidance. We miss her tremendously.
We need her for my other kids.*
