“ *I have known Conni since she was a little girl. I used to baby sit for her and her brother. Later on Conni used to babysit my kids. Conni has always been the sweetest, caring person since she was I think 6 or 7 yrs old. My heart breaks for Robert, her children, Carol and Bruce. May your memory always be a blessing.*

“ *It’s not often you come across someone as uplifting as Conni. Her constant state of being happy, helpful, kind, and considerate to everyone she came in contact with was always partnered with her infectious smile. She was never one to shy away from lending a hand, jumping in with both feet and taking on responsibilities both in her personal life and in group settings. Her contributions, organizational skills, and sheer presence will be greatly missed by the many organizations she was a part of, the friendships she leaves behind, and the community as a whole that she both lived in and contributed to. Conni will be fondly remembered, and sadly missed... but we are thankful for her presence & contributions, her friendship, and the exemplary example she leaves behind...one we can all look up to.*
