“ I worked with Dave for the last 4 years. He left an indelible mark on me. He was an exemplar of what great leadership looks like. Selfless, kind, caring, creative, passionate, funny are a few words that spring to mind.

He was one of the original minds behind what has now become a multi billion \$ hybrid cloud business. Ahead of his time, by being fixated on helping our customers.

I called him near Christmas, late at night to get his counsel. He shouldn't have answered my call and was laying tiles in the bathroom. Seemingly able to do 2 things at the same time. We had a laugh about the potential to confuse them and it makes me smile now. We are going to miss you but everyone at HPE is richer for the experience of having him touch our lives.

Hi Helen, Sending big hugs to you. I'm sure Dave is looking down at us now. He always helped anyone that crossed his path. I don't ever think I saw him get mad or even curse (dammmmit). He was a great leader, example setter, jokester, and he meant so SO much, to many many folks here at HPE. Here's hoping he will put in a good word for us up there. More hugs and love to you. XOXOX!!
