“ I always enjoyed our talks in my office over the years, you were one of my first customers at AAA. You were always loyal and honest and we had many laughs through the years. I'm very sorry of hearing of your passing, the world lost a beautiful man. God bless you Gloria and all your family. I will always keep David in my prayers. Joe Garanzini

“ *My condolences to the family. I was a student of Dave Sniderman back in the early 80's in an electrical theory and application class at Detroit Engineering Institute. Years later, I would occasionally run into him out on the road when he was an Electrical Inspector for Livonia. He is a most memorable character to me. A great instructor. I learned a lot from him, and always respected his dedication to his students. He had a way of discovering a way that everyone could understand electricity. A good man in my book. Sorry for your loss.*

We appreciate you sharing this, Tom, on behalf of Gloria and the family. He certainly was memorable, agreed! We are very grateful that his students enjoyed learning from him, as he absolutely loved teaching. Thank you so much for sharing.

He was a reader, an avid movie watcher and a true gentleman. He was loved by everyone who met him. He had a great sense of humor. And he made sure I had a toolbox with tools that every woman should have. I will miss you--even when we had heated discussions about speed limits.
