“ My family came to Detroit in 1949. We left Germany after the war to come to Detroit Michigan and were sponsored by my father's sister. At the time I was two years old. My mother would shop at Grunts Market, there came a time that my mother asked her if she knew of a good family Dr. for our family? Without hesitation Dr. Grants mother immediately said my son is the Dr. for your family :) Well he was our Dr. from that time on till he officially retired. He was the most wonderful kind hearted and truly loved what he did! I still remember his soft voice so not frighten me and calling me BABE a term of endearment. He was one of a kind and there will never be another like him. We were all so lucky to have had him in our lives for so many years. May he rest in peace. :}
