“ I am so very sorry to hear about Jeff. We hiked together and shared dental stories for several years in Arizona. He was a great guy and I always enjoyed his company. He went to U of M Dental School and I went to Indiana U Dental School so we had a lot in common when it came to dental education. I send my condolences to all the family.

“ *Deb and I are saddened to hear about Jeff's passing. I so much enjoyed getting to know him and admired him for his strength and attitude. Our conversations we're about many things, but not one was centered around feeling sorry for himself. He was always looking forward and he will be missed. Our condolences; Deb and Phil Batchelder.*

“ *Nadine and the entire Eder family, Phyllis and I are so terribly sorry about your loss. Jeff put up a valiant fight and despite what he was up against, continued doing whatever he could to enjoy the precious time he had left. The fact that he could play ball and hang out with us while his body was being ravaged by that horrible disease is a testament to his strength and character. Please accept our heartfelt condolences for your loss.*

“ *Nadine and Family...*

I remember the first time I saw Jeff on the PebbleCreek softball field, all 114 lbs of him! Small, but could hit the ball a mile and run like the wind.

I am not sure how Jeff and I actually met initially, but eventually became 'Movie Buddies', along with being softball teammates, golfed together, and competed in a local 4 man scramble golf tournament as teammates for 2-3 years together.

When Nadine was out of town, we would get together for meals, talk football, politics, and anything else under the sun.

My wife and I enjoyed getting to know your parents a little and had hoped for a much longer relationship with both.

I can't express how sorry I am Jeff had fight this horrible cancer, but he never gave up, refused to let it stop him from doing things he loved like softball and golf with the guys, even when it became much harder to compete he never backed off.

He is a real guy to look up to and will be sorely missed.

“ Well, I met you when you came to work with us at the Dental Clinic in St. Johns. You were SO stubborn and honestly, we thought you were being SO difficult at first. We didn't know what to think! Then one day you were extra sassy with our office manager and I had enough and sassied you back! Haha! I will NEVER forget that moment. As I stood there with sweaty palms waiting for you to really tear into me... you didn't. You SMILED... from EAR to EAR and shook your head! When I came to get you for my next exam, you looked at me and smiled and that was the beginning of an awesome friendship! I realized that all of the time that you were saying us, you just wanted us to dish it back and that would break the ice haha! After that, I told everyone in the office "the secret" to you as though I had "cracked the code". Then you got ALL of us at our sassiest and the days with you in that dental clinic quickly became our favorites! We all had SO much fun getting to know you and learning and growing from the things you taught us both about work and about life in general! We loved going out to dinner with you after work while you were staying in East Lansing and talking about life. You said some things about having kids and marriage that I just kind of shrugged off then. But boy were they TRUE! Haha! You were SUCH an AMAZING person Dr. Eder. Thanks for everything. If you happen to bump into my Dad up there, let him know you were there for me in some times I needed him most. He would appreciate that. ❤️

I did not know Jeff personally although did play against him in the PCSSA league. The one thing that I remember most was his smile. He was a tough competitor not only on the field but in his fight against cancer. He will be sorely missed in Az. but know that his spirit will be with us. I am very thankful for having the pleasure of knowing him even a little. Ken Kurtz
