I just now learned of Dr. Rosenberg's passing. I was watching the service and it could not have come at a better time. My husband passed away and I was struggling. I heard the words Dr. Rosenberg wrote: what does God want me to do now, in the circumstances. Dr. Rosenberg helped my oldest son and offered wise words when I called him late at night to say the baby was crying. When my youngest son broke his collar, I had to get the words Dr. Rosenberg. Only he could repeat what I was told. He had to educate me. I laughed his! I loved his wise words of wisdom. He will be in my prayers.

“ Dr. Rosenberg helped me and my family through hard times when I was suffering from legg perthes at the age of around 4 or 5. He helped for years and I'm so thankful for it. Hearing that he passed breaks my heart but I know he's in a better place. His warm aura and peaceful nature always made me feel calm and at ease. For a child spending so much time in a hospital you think it'd be nothing but bad memories, but not with Dr. Rosenberg. God bless.

“ *All through the years we always knew that Dr. Rosenberg was there for us regarding anything to do with Orthopedics for ourselves and our children. As recently as this past July he gave me much solace regarding a bump on my finger that I was very worried about. He was an unusually kind and warm person as well as an excellent doctor. He is sorely missed.*

“ *Dr. Rosenberg fixed our daughter's humerus fracture. She was only 12 years old when it happened. Not only did he do a beautiful repair, but when he explained the procedure , he spoke directly to her and not to her helicopter parents. He was an amazing Orthopaedic surgeon and friend. We will miss his humor, laughter and kindness. The Mendelows*

“ Ruchama and Nachman Klieman.- Halamish Israel

To Helene and Family. Even sad news reaches us across the globe, and we were truly saddened to hear of Jerry's passing. Even 50 years later we remember our classmate and High School friend, Jerry, fondly and especially his smile and laugh. May you find comfort in the greatest legacy a man leave's behind him, your children and grandchildren.

“ When I think about who are some of the people I have known whom I would genuinely describe as a "mensch", Jerry always comes to mind. My life was made richer by knowing him. I learned from him as a fellow doctor, I was treated by him as a patient, unfortunately many times, and I benefited from the credit I received for sending patients to be under his care. Going out of his way was his regular way. The world was and is a better place for his time passing through it.

“ Hello, my deepest condolences. I adored Dr Rosenberg. I worked with him in the O.R. At Providence Park. He was kind, patient, funny, hard working caring and I could go on and on. His wonderful infectious laugh put a smile on everyone’s faces. I have missed his presence since he retired. I am a better nurse and person because of him. Thank you Dr Rosenberg ❤️

“ To the Rosenberg family. My heartfelt condolences for your family. Jerry was a colleague at Providence Park and we shared patients and even operated jointly on a few over the years. I just wanted to let you know that Jerry was one of the friendliest, caring, honest people I ever worked with. His laughter was contagious, and I would purposely make him laugh during surgery just to hear this symphony of joy come out of him. He was always respectful to the staff and myself and even covered for me on a Christmas night which I will never forget. Please know that his patients, staff and colleagues really loved Jerry and we will miss him but his laughter will always live on. God Bless.

“ I feel so blessed to have known Dr. Rosenberg. I worked with him at his Orthopedic office and I'm so thankful for everything he taught me. He was so patient and kind to everyone I saw him interact with. I will never forget his laugh. It was truly one of a kind. It made me smile every time I heard it. He will forever be missed.

“ As kids grow up and find heroes to look up to, some choose athletes while others choose people of power or authority figures. My hero was, and will always be, Jerry Rosenberg. 37 years ago he saved my right leg from amputation even when other doctors said to take it off. With patience, humor, and empathy he guided me through 3 years of repeated surgeries, never giving up hope that one day I would be able to walk again on both feet. His kindness and repeated words of encouragement got me through the most difficult and painful times of my life. I will always be grateful to him and never ever forget him. He was my hero.

On a side note ~ I've gone through 3 divorces but only one orthopedic surgeon. That should tell you where my loyalties lie. God bless you, Jerry. You will be missed by all.

Jerry was my teacher and later my colleague as Orthopaedic Surgeons at Providence Hospital. He was gentle with a disarming sense of humor. I could always rely on him to offer good advice and assist whenever needed. He will be missed.

“ I spoke to Jerry at Jewish Genealogy Society Conference in Cleveland, OH, this summer. He as a brilliant Orthopedic physician. In 1998 he performed the install of my right tibia. It was a successful process. We were considering knee replacement of the right knee, but then he retired.
I am shocked by Dr. Jerry's loss. I have great respect and admiration for his skill as a physician. He will be missed.
