“ I saw Dr. Lafond for over ten years, and quite frequently in the last year. He is the best primary care doctor I've had and he will be difficult to replace. He always listened and was very understanding. Even with just a few visits, you felt like you knew him, trusted him, and that he truly cared. He will be sorely missed. My sincere condolences to the family. The community has lost a great care provider and friend.

“ This is a shocking news.. he was a gentleman and an good doctor.. i will surely miss him. Sincere Condolences to his family.. RIP

Ganesh Shenoy - December 03, 2022 at 09:57 PM

“ This news is very heartbreaking for me. I started seeing Dr. LaFond about 12 years ago. He was a terrific man and an outstanding doctor who i had the utmost respect for. I will deeply miss him. My sincere condolences to his family and his staff.

“ I had been seeing Dr. LaFond for over 25 years and more that once he saved my life! He was a fine fine man and a wonderful Doctor and he will be missed immensely by all who knew him. We had many great conversations regarding life and he was not at all happy with the present state of the world but had faith that "man" would ultimately do the right thing and adjust the course of the world for better.

I will miss our conversations and will miss his sarcasm and good humor!! May god bless him in his next life and allow him to inspire others and he had done in this life.

Heartfelt condolences to the family. I was also a patient of Dr. Lafond and so sad to hear of his passing. We just spoke a couple months ago. So very grateful for Dr LaFond, as he saved Greg's life which allowed Greg and I to have a daughter who is the love of our lives. Stephanie 11/28/2022

Condolences to the family I was a patient of Dr LaFond for many years and always enjoyed working with him

Bill Bertrand - November 30, 2022 at 02:57 PM

BC

“ My heart is breaking over this. I started seeing Dr LaFond 38 years ago. Before he had his office. He would call to ask how I was. I new then that he would be my primary Dr. So after some time of knowing him he was like family. I'm 68 and have know idea if I can replace him. He was always there for me. There were times I would be upset and crying. He always told me that everything would be fine. Then there were times of lots of laughter. When his mom had dementia and my mother in law had it also. We would both laugh at some of the things they did. And how much we loved them. May he rest in God's hands. And I'm so sorry for his family and his bird that he loved so much.

My wife and I are in shock over Larrys passing . He was much more than a doctors to us. He was a family friend . I pray for his soul and for his wife Betsy and the whole family.

David Abramson - November 28, 2022 at 02:39 PM

TF

As so many other patient's of Dr. LaFond, my husband and I have been his patient since he first opened his practice. We always had a great rapport with him and not only was he our family doctor who we trusted and loved, he was our friend. He and my husband would always talk about the current state of our nation and talk about how it needed to be fixed and why it had gotten this bad. But mostly, he was just a good man who worked hard at making his patient's fell and know that they were a top priority.

We both want to send our sincere condolences to his family with understanding the big loss they all feel. He will be truly missed by both of us!

We are so sorry to hear of the loss of Larry. May. His memory be a blessing for you and your family...Cheri Katzman Topper and Family

Cheri Topper - December 12, 2022 at 03:20 PM

I met with Dr. Lafond on DUO a few days before this tragedy. He was happily talking about his pride and joy, a vehicle of such beauty and so technically refined... it evaded me. I was cared for by him over 40 years. Our world is much less without Dr. Lafond. He was the best and did actually save my life more than once. Dr. Lafond was brilliant in his ability to diagnose and treat. He was a natural healer and gifted, as only a few are, far above the norm. I cannot begin to express my appreciation of his excellence as a physician and teacher.
