“ I was referred to Laurie as a patient. I visited her office twice, almost ten years apart. She remembered how many brothers and sisters I had. I didn't know her well but to me she had a great way of making you feel like a person and not just a patient. I always referred others to her as well because of her kind and personable nature.

“ I just learned of Laurie's passing. I'm so sad. I grew up on Twyckingham, next door to Laurie and her wonderful family.

I was about ten years younger than Laurie, but she was such a sweet, kind person. I vividly remember her taking me for a ride in her new, bright yellow Porsche 914, with black and yellow plaid upholstery.

In recent years, she had regularly stopped by my mom's house (who still lives next door to Lillian) to clip her toenails. Laurie just loved to give. I'll miss her.

“ So sad to hear the news! I initially met Laurie when she was in high school. We were friends while attending Eastern Michigan University together, then Wayne State and finally all through podiatry school in Cleveland. I felt like part of her family when we were in college and was always hanging out at Laurie’s parents house, whether she was there or not. We were best buds in spite of driving each other crazy! Lots of great, wild times together as kids. She had a heart of gold. When in podiatry school, she would often cook chicken dinner on Friday nights (Empire Kosher) for all the guys and make it the way each individual wanted it. She gave extravagant gifts for birthdays, etc. It would always amaze me how she could have no common sense whatsoever at times but could quickly and easily figure out a puzzle or Rubrics Cube and be so incredibly artistic. Laurie will truly be missed as she touched the hearts of all that knew her. Rest in peace my dear friend!!! Tom Silver

Dr Glanz was more than my Podiatrist she was my friend. She called me her sister and we talked at least 2 times a week and she would stop by every Friday. Last Friday I learned that she had passed. I am devastated; I feel awful, the shock of my dear friend gone. I will miss you Sister. I will keep in contact with a Remi and make sure she never forgets you. Praying for your Mom

Beautiful eulogy Debbie; I'm so so sorry to hear Laurie passed (Bruce Garelik) got in touch with me tonight; I have so many wonderful memories from our years of friendship; she truly had a heart of gold; I especially remember when we went on the cancer walk inColorado, she was the Dr for all the walking wounded-she wouldn't take a break- not even to eat! I went in the triage tent and shouted, 'the dr is taking a lunch break, so unless you are in extreme pain, she'll be back in 30 minutes!' No one said a word, and Laurie and I went for some lunch! She was a very special person; I'm so saddened that we hadn't kept up. My sincere condolences to you and her daughter and your entire family, whom she loved so dearly . With love and peace, Marlene Harris

Remi

I am praying for you daily; I know this is so hard for you. I know you were loved by your Mom and cherish; she was so excited when she stopped by to tell me you graduated. Almost as happy as she was when she told me that it was legal you are her daughter years ago.

You are her pride and joy; stand strong, hold your ground, speak up for yourself and don't let anyone tell you that you are not strong. Continue to have the heart of your Mom towards others and stay in school and show the World that you are a powerful blessing of love and know that your Mom is always watching over you. She is your Angel.

I wish I would have learned of Laurie's passing earlier. She was the sweetest, kindest and most generous person I have ever met. Such a wonderful doctor. I will miss her so much. I looked forward to every visit with her, because we would spend over an hour talking. To Remi... She talked about you so much, and she loved you beyond words. God grant you all peace of heart and comfort your souls. I love you and will always think of you often Laurie. ❤️🙏

“ *We have the fondest memories of Laurie and know she will be sadly missed by so many who knew and loved her. She introduced us and 41 years later we are blessed with 4 daughters and 9 grandchildren as a result of her “shiitoch”. We'll always remember your infectious laughter and your love of chocolate. Sleep peacefully sweet friend* ❤️

“ We are sad beyond words that you are no longer here physically but I'm sure everyone you have met has a Laurie story to remember. Our stories began in the early 1970's. Some stories can be repeated, most cannot! You were always there for our life cycle events and I'm so happy that I have my memories and pictures. You were the kindest most generous person and you will be genuinely missed. Always in our hearts. Isabel & family

“ So heartbroken to hear that Laurie has passed. I have known Laurie since high school, and being with her was never a dull moment. So full of love and wiling to everyone. Not only was she an excellent physician, she was also a talented artist and photographer. It was impossible not to like her or be influenced by her love of life and incredible sense of humor. She was always so much fun to be with and talk to. Her passing leaves a hole in my heart, and the world with one less very badly needed loving and caring physicians.

“ Laurie was one of a kind. A friend to laugh with, a shoulder to cry on, and loyal to the end. We had such fun the time we went to Greektown casino together. Our blackjack dealer looked like "bachelor Bob". We laughed and screamed all night long. Laurie was a great friend to our Dad and he often refered to her as his third daughter. We will truly miss her.
