“ Grateful to have ran into Roman during a record sales event at a local VFW and to have been able to express my gratitude to him for providing me with a safe place to be while growing up and dealing with my own craziness. Friends/relationships may come and go but memories last forever. Thank you for being a part of my childhood Roman. I appreciate it.

He was not only a great. Of mine but a very good physician. He took care of many, many and many of my patients who suffered from colon cancer. How I wish none of dear friends will live forever. His voice still rings in my year

Was a great resident at Hutzal hospital as I interned under his medical guidance in the mid seventies. I occasionally met him at medical meetings and sorely miss his presence now.
