FROM JACKIE, WITH LOVE

Along life's way I have to say
I've cherished each day and every day
I felt the sun shining down on me
the moon at night so big and bright
The birds on wing as they sing
bring us to a cherished site
I do not ask for much in life
I have so much
So many things I've seen and done
I've lived I've loved I've even sung
As your wife I want to say
is how I want to end the day

The best moments of my life
I spent with you as your wife
The best moments of my life
With you by my side
Every moment I stood there with pride
For you a promise made is a promise kept
The best moments of my life
are spent with you begin with you
I know will end you
together will end you
together forever I love you
you are the best moment of my life

I got the news today
they're taking you away
the biggest part of my life
the man to whom I was a wife

I don't know what to say
All I know is my love is going away
We fight and argue stupid things
They mean nothing these little things
Oh but the apologies the makeup
it keeps us going
Knowing what we are to each other
A part of you is part of me
Together it is a whole part
that completes us it fills my heart
I don't know what to say
I don't know what to do
the only thing I know is
how much I'll miss you
I can't think of getting up in the morning
Not seeing you lying there next to me
I'll never be the same again
we have done things we've seen things
we still haven't finished all our dreams
You are my heart

“ *EDDIE has an organ that can play music all by itself... And I came over and he was sitting at the ORGAN and he had both hands on it and he was pretending to play... I was shocked and yelled out Eddie!!! I had no idea that you knew how to play the piano! And he had a smirk on his face and he kept playing... Until he picked up his hands and the thing was still playing... WE ALL BUST OUT LAUGHING....And I said you really had me fooled LOL...Me, Eddie and Jackie got a big kick out of it. -BERNARD*
