“ *Shelby, Stepsnie and family,*
In this sorrowful time, my family and I would like to extend to you our heartfelt condolences. For almost 6 years of everyday care that we have been with your parents, we could say it's full of joy and challenges. Most especially we were touched by their thoughtfulness and kindness especially your father. Ernie is such a loving person who always speak nice things in front of you. The last time I talked with him, I thought we will be seeing each other again. I am happy that he called me, and that I heard his last voice. One thing I would never forget because it's covid that he always want a hug, and the last call he made, he still wanted to go to my house, and give me a big hug. I'm sharing this because I have felt that my two daughters and I were very important to him even we never have communication. Also, he called to tell me he has stuff toys for my two daughters.. I was so touched, and he still remembers everything and telling me what to do.....I thought everything was ok with him....and that I could see him again...he's really longing for love which he did not get since Gloria pass-away. It hurts me because I was not with him nor his love ones when he pass-away. I never thought it will end too soon for him especially he always wanted to live 10 more years., and I always told him, you could Ernie, just always think positive and live a happy life.... but our Lord wants him to be with Gloria....We all know that both always wanted to be together, and now, let's pray for their souls to Rest In Peace. Cindi! How kind of you to say such nice things. He was smiling and kibitzing to the end. He will be terribly missed, but your kind words are very helpful.
