She was a true joy to work with, extremely professional, and an immense help to the rehab patients and us. We were blessed to work with her. “ Tim was my student at Friends School and I have fond memories of conversations with his mom. But until now I didn't realize Fern and I both attended Cass Tech and Monteith. Michael Traison. Mtraison@cullenllp.com.

“ I could not have asked for a kinder, smarter or more loving godmother! She was a second mother to me. She was interesting, nurturing and taught me many things: I often think of her when I'm cooking and many times thought of her as a model when taking care of my own child.

She had a great sense of humor and cared about others without exception.

I spent many days and nights with my cousins and sisters at her house, and was treated like one of her own children.

I could count on her for a smile, good food and great advice.

I miss you, Aunt Fern.

“ I remember many wonderful talks with Fern at the lucky times that I was in Detroit, and especially how warm and sympathetic she was. We talked about yoga even when she was wheelchair bound. Her courage and kindness will always be with me. I hope that her memory will continue to be a blessing to all who loved her!

“ So sad to hear of our old , dear friend's passing. So many wonderful memories now blurred by inexorable march of time. My sincere condolences to Fern's family. But she rests finally in peace.
