Sandra I am so sorry for your loss. I have been a friend of Gary for over 40 years. He has stopped by my shop every week or so so we could complain about the world. He always brought joy to us. Gary was a one of a kind and he will be greatly missed! If there is anything I can do for you please do not hesitate to call me. God bless you and your family

“ *Sandy, Aaron, Adam and family, I was so sorry to learn of Gary's passing. Please accept my sincerest condolences to you all. Gary had such a positive and lasting impact on everyone he came into contact with. When I was his assistant in 1981-82, he not only taught me about photography, he more importantly taught me about people. There was no one better at dealing with people than Gary. I have always carried those lessons with me, and have passed them on to others. It was always fun running into Gary over the years...he always had something interesting going on. A true mensch. May his memory be for a blessing.*

“ The man that always enjoyed working to have the best of everything and continuously sought out new experiences. I shod his horses for many years until he didn't have the desire to ride anymore, he always wanted hand-made shoes for his young gelding, and I complied because I agreed the horse traveled better with them. As his life winds nudged him towards an iron horse, I lost contact over the past couple years. I enjoyed bantering politics (even though we agreed on most issues) with him. I read his book, and listened to his tapes, they were a learning experience, the original "no fear". I'm sorry I didn't ck in with him the past months, He is missed, my condolences and Peace to his family.

Sandy, he was a force to be reckoned with, to be sure. We all have a debt we owe to Gary for pushing all of us to be better! I will miss him, I will miss his style and his uniqueness. My wife and I are in Florida and will sadly not be able to be at the funeral but our hearts are with. Goodbye my friend!!!! Marty Abrin (Dave Dombey's old partner)

I am speechless. Gary was a GREAT photographer and took the best pictures of me and family ever. And he was a force. He sent me a copy of his book, which he tirelessly marketed and which has great lessons in it. I used to see him at the gym a lot and he would give me pointers. Plus he was a proud Jew. I miss you Gary. To his family, especially his brother Ron, may you be comforted among the mourners of Zion and Jerusalem. Zichrono Livrachah.

In college he brought me a bottle of strawberry wine, probably one of the best wines I ever had. He photographed our wedding, and took us to a beautiful location before for photos, too. So saddened to learn this news. May his memory forever be a blessing.

Dear Sandy and Family...So very sorry to hear about Gary's passing...We lost touch over the years since I left Franklin Racquet Club- but I do remember our times at your office and Gary being very generous with his time. He adored you and was so proud of his family...He created memories for so many people and his memory will be a blessing forever.

Heart felt condolences to your family. Gary was a man unto himself. His concept of going "proof-less" in the 1980's was a game changer for most photographers in our area. Indeed, he did push us all to be better photographers and also better human beings. May his memory be a blessing.
