“ I had the privilege of working with Helen in the 1990's at Henry Ford Health System. She was larger than life and very loving. I will always remember her story of graduating from Wayne State exactly 50 years after they told her not to come back after her riotous early years. she lives on through all of you.

“ I am a friend of the family and experienced first hand Sopha's kindness, humor, energy, and spunk. Each time I saw her she greeted me like a member of the family- with a big hug and kiss. I feel so lucky to have known such a talented and interesting woman. She once gave me a beautiful homemade scarf which I still have and treasure to this day. She was truly her own person- unique and not afraid to speak her mind. My love and thoughts go out to Sopha and her family. I will never forget Sopha and the kindness she showed me.

“ I didn't know Helen, but i do know her kids. And they are perhaps the best testament to what kind of woman she was. My sincerest condolences to the family.

“Helen is interwoven into memories of my childhood. My favorite one was at my Bat Mitzvah, 1995. Helen was on the dance floor all night long and left us with the best quote that is still recited often... “you know it’s a good party when you schvitz like a chazer”

Sending love to all of Helens family, she was one heck of a lady!

Deepest condolences from our family to yours. I first met Helen as a child as a friend of my parents and enjoyed family and friend days at Sandy Beach together. Later my husband, daughter and I had the pleasure of meeting her children and granddaughter at various times. May you all be comforted among the mourners of Zion. Ivy Grossman Abrams

Helen was a wonderful lady. She had a great sense of humor and a wonderful passion for life. I have fond memories of her from my childhood thru the time I used to see her at CMI.
