“ Dear Harry, Julia, and Philip:  
I will always remember your mother as a kind, gentle, and thoughtful person. During our many telephone conversations, she always asked about my family; not dwelling on herself. I'd try to remember to ask her about her cat(s) as I knew how much she loved them. She was very grateful for my calls and never forgot to ask me to give her best wishes to my children. I will never forget her.  
Sincere condolences,  
Love  
Cousin Barry

*Dear Harry, Julia Phillip*

*I met Sam many years ago and he was a great man who helped me with so much when my sons died and I loved him so much for his kindness and support for our youth hockey programs then we lost one of the greatest, kindest person I have ever known. Then I met his wife over the telephone and I was blessed to have had many conversations with her about life and of course big hearted Sam and I think God That i was blessed to have had two wonderful friends late in my life when i was depressed and devastated by the loss of my two sons to suicide so think you for letting me be a part of your family during this difficult time. Much love to you all.*
