“ I must say, as her oldest son, that I know her as highly unstable personality disorder that my psychiatrist suggested I run from at 16 years of age. She made my brother schizophrenic and is a product of her parents. ( a repeater). Dreadful human being. Left nothing to take care of my brother and in fact contributed nothing but pain and suffering to her husband and children.

“ I've known Helga since we were 5 years old and it's hard to imagine my life without her. I tried reaching her this past year many times and was unsuccessful in finding her, and just heard about her passing. I miss her dearly. Love, Joan Danto

“ My condolences to the Schneider family, the bible describes a God of comfort one that gives us hope for the future. "For you will not leave me in the Grave. You will not allow your loyal one to see the pit." (Psalm 16:10) May God comfort you during this difficult time.
