“ *Herb iam just in complete shock more like a nightmare. I have worked for him for 17 years. Iam truly going to miss him. One of the funniest things he would say to me is hows our boy doing and i would look at my coworker like our boy. Lol he was a great boss to work for and i will cherish all the great memories. So very deeply sorry to melody and children also. Bless all during these hard times and happy Hanukkah and new year to the family.*

“ *I have worked for Herb and learned a lot from him. He was a great pharmacist and a good businessman. He always joked with me and said " firecrackers," because one day we talked about business which led to a firecracker factory. He cares about everybody around him. He brings joy to everyone. He will be greatly missed and condolences to his family.*

*Sincerely,*

“ *Herbie was a colleague of mine and a business associate. I have worked with him and for him since the 1980's. But he was more than that he was truly my friend. My name is Ronald but most people call me Ron. He always called me Ronnie. Only my mother called me Ronnie. He had that uncanny ability to know what made people tick and how to motivate them. During our years working together he said some of the most profound things that I have ever heard. He was in business alone for over 50 years. One day I said "Herbie why don't you let me buy in as a partner. It would make it easier on you on a daily basis and you could take more time off. His answer - Ronnie I cant be a partner. I said why not. He said I am too much to keep up with. "*

*There is nobody in my life of 67 years that has done for me or given me what my good friend Herbie has, I will truly miss him. Goodbye good friend if I cant see you anymore in this world I will see you in the next.*

“ *Herb was my friend. We shared many glorious days working and playing. He always had a smile, and a kind word for whomever he met. His demeanor and attitude was a reflection of his happy home, the love of his wife and children. Herb was my friend and he will be greatly missed.*

“ *To The family,  
We Met Herb when we shared a building space on Garfield. From that moment on friendships developed . Many sharp observations , laughter, and a genuine joy . We bonded over the Red wings as season ticket holders .... through the lean and glory days! He relocated and we followed . He was kind and generous...He gave me a nickname “ Johnny Vale” and it stuck. A name I will always cherish from my friend. He will be very much missed. Our deepest heartfelt sympathy to all who knew and had the privilege of having known him . Dr John Valenti (Johnny Vale) and his wife Jen*
