“ It was an honor and a pleasure to get to know Irv and I truly valued the friendship we built over the past thirty-some years. He and his wife, Helen, were some of the kindest, genuine, thoughtful, and wonderful people. They were truly part of the greatest generation. I cherished the time we got to spend together, especially when I would bring over lunch from the deli, and we would sit and he would share memories and stories. He was always an inspiration and a great role model, and I am a better person for having known him. He will truly be missed

“ Mr. Bernstein taught me High School Math at Yeshivah Beth Yehudah almost 50 years ago. He was a brilliant, talented, dedicated and serious teacher. He came well prepared for every lecture. He prepared me as well, as I went on to earn a BA in Computer Science at Wayne State University. I was so solid in math after 3 years of High School math with Mr. Bernstein that I placed directly into Calculus at WSU. His exemplary instruction laid a great foundation for me in mathematics.

May his memory be a blessing,

Ari Katz
