“ *My deepest sympathy to the family of Jack Tucker.
We shared many of laughs and fun times back in the 70s-80s. He
had a heart as big as a hotel with room for everybody.
You will be missed my friend.*

“ Today my thoughts are with SheShe, Allie and Scott. I can not believe that Jack is gone. I know he tried as hard as he could and I know that many people will miss him. But I truly believed that Jack died the day Ellen left this planet. She was his life. He was the husband that took care of Ellen and in every situation, he put Ellen first. She saved him many years ago and he once told me he wouldn't even be here if it wasn't for her. Jack was a nice guy. He cared about everyone even if he didn't let them know. He could be stubborn and gruff and mad at the world, but underneath was the sweetest guy ever. He was so sensitive. He was always so proud of everything that Scott and Allie were involved in. And the man could cook. Best bbq chicken on earth.

I will miss my dear friend. But I know he is with the love of his life and in a weird way that brings me peace. I hope Scott and Allie can find peace in their losses. I worry about them both.

I am in France and unable to make the funeral or the shiva. I have looked for flights but am unable to make that happen. I am sad I am not there to hold Allie in my arms. To hug Scott tight . To kiss Irene and hug Shelly.

I will attend the funeral via web cam. It's all I can do.

I lost a dear friend. I lost my wing man. So often Jack and I would go out to listen to music together. He was as much a fan of music as anyone that I have known. We had some great laughs together. Silliness was second nature to us when we were together. We sure laughed a lot.

I tried to stay close to Jack because of Ellen. I know she would have liked that. But I also stayed close to Jack because I know what such deep loss can do to a person. I needed him as much as he needed me.

As I sit here and cry••I sit and wonder why. There is so much life to be lived and so many people that don't get that chance. For that, I am truly sad.

Rest In Peace my dear friend. I already miss you

“ *Family of Jack (Jackie) Tucker.*

Some of you don't know me as I'm a cousin who lives in FL. I knew Jack since he was born and my sincere condolences to all the family and most of all to Allie and Scott. Jack was always a special person to all who knew him. He was loved by so many people thru out the years. May you all be blessed with good memories of a great dad, brother, and to his late wife. You don't have to see someone for along time but the love has always been there. and never will be forgotten..

“ Dear Allie and Scott,

Please accept my sincerest condolences on the passing of your dad; as well as for your mom, a couple years ago. They were two wonderful people that I unfortunately lost track of, over the years. And I am very sorry that happened; but that's life I guess.

Back many years ago, I worked for your dad and your grandfather at the gas station they owned (on 6 Mile and Quincy) for many years through the 70's and 80's, while I was in high school - and even for a bit after I got out of the Air Force. Your dad was ALWAYS extremely nice about fronting me gas, and letting me pay it off by working the driveway.

Those were some great days indeed; and I really cannot sum up in a letter the tremendous influence that your dad (and Stan too) had on my life. They were both wonderful guys that I had the good fortune to know. And I will never forget them.

When your mom and dad got married in 1984, I was blown away (honored) when your dad asked me to stand up in their wedding. And it was a beautiful one at that.

Back then, your folks had a huge dog that I would come over and watch when they went on trips. Oh man, that dog "Bull" was something. One morning I was walking Bullzie at about 5:30 am, and a lady walking her poodle was near by on the side walk - I was across the street on the grassy area. Bullzie, all of the sudden lurched towards the poodle that was at least 150 feet away; I lost my footing, and he literally dragged me up Huntington. LOL ... OMG ... but I kept him from getting to that poodle.

In closing I just want to extend my condolences to you both on the passing of your dad - and mom too - and that I pray for their eternal peace and happiness.

All the best to you both, and someday I hope to cross paths with you.

Very Respectfully,

Tad Scallen

“ *I met Jack in the sixth grade when his family moved to Huntington Woods. He lived down the street and quickly became friends with me, Irving Roth and Les Lenchner and others. He was the cool kid from Detroit.*

Although we have not been in touch for many years I think of Jack and those times very fondly.

I want to say to his his family that I am very sorry for your loss.

May his memory be a blessing.

Jack and I in my parents backyard 13135 Winchester Road, Huntington Woods, MI. Jack, Irv, George, Keven, and I all became fast friends when the cool kid from Detroit, Jack Tucker, moved to Huntingtonwoods in the middle of 6th Grade at Burton Elementary.

We have all stayed in contact, some of us more than others but as good friends always do, we easily picked up where we left off regardless the number of years since the last time.

Jack's mom was a saint, and a 2nd mother to many of us. She tolerate a lot with all of us hanging out at Jack's house, day after day, night after night on Victoria. Jack and I loved Foosball and we were fiercely competitive. He was really good!

I remember the cool bench seats in their kitchen where we were always welcomed to a plate of food, and to sit for dinner when Stanley came home from work.

I have so many fond memories.. little Stevie (who could be dangerous as a toddler, lol) but ultimately had the same big heart the rest of the Tucker family exudes to all. I remember Doreen working the food trailer at the State Fair and all of us hanging out and watching Marvin Gay and Tammie Terrell, along with the Temptations performing there...

Doreen went with us to a concert at Cobo the first time my parents let me borrow the car... She helped me to NOT over steer driving down the "Lodge" when I was having trouble with that.. (funny to admit).

How all of us looked up to his older brother Allen, who in spite of being in awe of his stature (to us), was a very giving sort of guy... One of the only people that ever let me borrow his Harley, and for a couple days in fact... or the previous time he let me use his fire spitting (out of the dual stacks), 3-wheeler on lazy summer days hanging out at Cass Lake! All these memories.... so clearly indelible as to seem like yesterday... STILL...

The "fixerupers" Stanley would bring home for Jack... Jack always had "wheels!"

Jack.. you will be missed... I have no words to describe how much.
