“ My parents took care of Kenny before me, and as someone who only remembered bits here or there from when I was little, I now happily have memories from recent times, I only had the privilege or working with this amazing man for the last 6 months of his life but to say that he was someone I took care of would be an understatement. Kenny became a part of my chosen family, he showed me what unconditional love and kindness were like. He taught me many life lessons in a very short time. While I wish with my whole heart I had more time with him I hope he rests peacefully and know just how loved he was and how many lives he effected in such a beautiful way. We miss our Mr. Sunshine.

“ I knew Kenny from Hadley where I worked for a while. He always seemed happy and laughed a lot. I am so glad I was able to know him.

“ I've known Kenny since I was 20 years old. He was a house mate at Hadley Hills in 1993. Later moving to Lippincott. In Kenny's life time he has had many staff come into his life. But more of them became his friend and extended family along with his house mates. He always had a smile. Always looked forward for when you'd be back. And he never forgot a friend's face. If you ran into Kenny when they were out and about he always said Hello. I had the privilege of knowing Kenny. I had worked in his home. As did my Husband, Sister in law. My Niece, My Nephew. And currently my Daughter who Kenny held as a baby. And many many others who wish they had one more chance to be called Buddy again. We love you dearly Kenny Say hi to the other. May we meet again.
