“ I only knew Larry for only 2 ski seasons in Utah as a neighbor of ours but what a fun guy Larry was. Always up for skiing almost EVERY day and a true sportsman. The first year 2020-21 he brought his ice skates, downhill skis, xc skis, Segway and had his mt. bikes already stored here. I hope I can pack in as many memories as Larry did. God bless you. “ Last Thanksgiving, at Julie and Louie's beautiful event room in Glencoe, with both of their families assembled, was the last time I saw Larry. Surrounded by our descendants, I sat down next to Larry and together we k'velled as we observed two generations of our accomplished, beautiful offspring lovingly laughing together. Larry had lost his darling, special Carol, and was dealing with some health problems, but he smiled as we chatted about his life. He was optimistic, enjoying each day, meeting with friends, reading, grateful for his garden and for his whole life. I've reflected on that uplifting interaction many times over the past year with appreciation and respect for a unique man who knew how to value life and to share the joy he cultivated with others.

my condolences to the Megdall and Halprin families - I knew Larry and Carol well, loved them both dearly, and saddened to no end to hear now of Lawrence Megdall's passing, my favorite tennis game across the net at my dad and Larry's tennis club, Detroit Tennis and Squash Club - also worked one summer at their golf course, took care of Carol's plants one summer when they were away for a while and drove them to and from Detroit Metro Airport at times when they'd go out to Utah, when I worked for a friend of mine's car service - so you can see what they meant to me, Howard Dawes

*Apprently my first paragraph was accidently deleted by me, or mostly my big fingers and or phone. But what I wanted to write:  
I worked at the Links for 26 years and from the beginning I always felt a kindred spirit with Larry. After a free around of golf as an employee, Larry would find time to come over and share/even buy us a beer or pitcher with Kramer and I. Just chat about our family and later, our health and many Dr apptmts. What a generous and affable boss to always find time for us. How could I not love this guy!*
