“ I had the fortune to know Larry for about one year, and I can honestly say that few people affected my life in such a positive way.

I eagerly looked forward to seeing him smile at me every time we worked out together.

He will be truly missed...

“ When Susie and I were married, Larry became part of my family. I saw him as a special person. Over the years I helped take care of him and took him to doctor's appointments, physical therapy sessions, out for ice cream or out to lunch/dinner. It has been very difficult to see him decline. He put up a good fight, but this virus was to much for him.

With the passing of Larry, I lost more than just a brother-in-law, I lost a friend.

“ Dear Cousin Larry,

My mom Joan Auslander Katz shared a beautiful memory of a 'Cousins Day' you spent together as children when her family was visiting from New York. Your older sister Susie and my mom's younger sister Robin were the same age-- so they ran off to play together.

That left you (age 4) and your older cousin (age 11) to spend the day together.

You wouldn't think a four year old little boy would find a natural playmate in a pre-teen girl-but it didn't bother you in the least! You looked up at her, took her hand, and said, "Will you play with me?" And the two of you spent the entire day together, playing games and getting to know each other better. At the end of the day, you thanked her for being your friend.

Even then your big heart led you to connect in meaningful ways with those around you-- whether they were 'natural' playmates or not! Your sister Susie wrote a beautiful eulogy about your life together, and our Cousin Lisa delivered it with such love. Your niece Marcy shared with me that your caretakers all loved you deeply, called you 'Lar Lar,' and will miss all that you brought to their lives.

I am so sorry I didn't get to know you myself, and am grateful to our family for sharing these memories. May your memory forever be a blessing.

With Love,

Cousin Laurie Katz Braun

“ Larry is one of my dad's younger 1st cousins. I remember visiting him when I was young at his parent's Southfield house. He was a bit shy but loved his drum set.

Over the years I have asked about Larry and was happy to hear that he was in a group home and doing well. I am so glad he received the love and attention he needed and was able to live a long and fulfilled life.

I was saddened to hear that he fell victim to the this horrid pandemic and hope he did not suffer. Larry will always be in my memory.
