“ *I met Larry more than thirty years ago in Boston through some mutual friends. Although I lost touch with Larry in recent years, I always considered him a good friend. I was very saddened and moved by the learning of his passing. He was widely liked by many people in the Boston area and beyond. May he rest in peace. So long my friend.*

“ Larry was a fun loving and all around good guy. He moved to Boston many many years ago. We were first cousins, who had grown up with each other, and so we tried to stay in touch by phone. I will remember our phone calls, mostly about baseball. Larry remained a Lions, Pistons, and Tiger fan all his life. Larry will be remembered fondly.

We remember Larry's late mother, Jean, who lived in the Fleischman Residence during the latter portion of her life. She was quite a personality. Larry was extremely devoted to his mother, assisting her with the transition of that move. May Larry and both of his parents rest in peace.

Larry was a dear friend to me for over 30 years. I lived with him for a couple of years in Boston and we continued to be close friends forever. My wife and I had moved to Florida many years ago, but Larry had come to visit a couple of times and even got to know our children. I was fortunate to have spoke to him a few days before his passing and I'm glad I did. He will always have a special place in our hearts.
