“ *So many memories of Larry's kindness, brilliance, thoroughness, concern and love....from the time he first started treating Molly in 1974, he changed all our lives. He showed Molly (and the rest of us) how to live and thrive with life-threatening asthma. When Molly climbed Mount Whitney she called Larry because she knew that, even after more than 25 years since she lived in Michigan and was his patient, he would be thrilled by her achievement...and he was! He will be missed but never forgotten. All our love to his amazing family. We're sorry that we couldn't be there because we're in San Diego. Love, Jan and Mark*

“ Dear Sylvia, I was going to say Dear Lee Family but of course, I only knew a small sliver. I luckily, due to the time difference, was able to watch and listen to the webcast. I am full of sympathy for your sorrow Sylvia, having, as you know, experienced some of the same things with a dear husband who suffered from Parkinsons. How wonderful for me that fate allowed me to know you and Larry, at least for a bit, as we lived down the hall from one another, and to admire your style, verve, energy and family devotion. I wish I could have known Larry better, but I was certainly affected by his gentleness and your love and devotion to him. Circumstances made us friends sooner than might otherwise have happened. I think of you often and miss you; especially when I wear one of your scarves! I have finally been working on a letter to you and other friends and family; you will get it soon, but it will come at a time when it is not the most welcome of missives. With great affection and admiration,

“ Our hearts are deeply saddened to hear of the passing of our most wonderful former boss. Dr. Lee valued us as his employees and treated us as a family. We have many fond memories of our Allergy Clinic days which always bring smiles to our faces. We extend our sincere condolences to Mrs. Lee and the family.

Love,

God you are sovereign and I know that your will is perfect. I pray for my friend Dr. Karen Raden and family on this morning. God I trust you even through this process. You promised never to leave nor forsake us. So I intercede on behalf of this family. Give them strength like only you can in the loss of her father. You said in your Word that you'll be a Father for the fatherless. I rejoice in knowing that your promises are true. My flesh may grieve but for a moment but my heart is delighted that to be absent in the body is to be in your presence. 💙 Love Delilah
