“ Dear Josh, I am so sorry to hear of Leslie's passing.

After spending 25 years with Leslie working for housing for women, I remember Leslie as always dedicated, persistent, and brilliant. Leslie was a force in providing housing for women, founder of Entre Nous Femmes Housing Society which continues today with many, new buildings and units for lone parent and low-income families in communities. She was instrumental in several other housing initiatives with the BC Women's Housing Coalition, Wishes Wave, and in the Downtown Eastside.

Unfortunately, I lost touch with Leslie a few years ago and was shocked to see that she is gone. Joshua, if you or anyone else could get in touch with me, I would appreciate having a few words with someone who was with her in the last few years.

Leslie you are missed.

“ Just realized that I lived down the street on Sorrento from Leslie and your family ...

We played together when we were 10 yrs old .

And Marcia lived in my neighborhood in Rolling Oaks when our own children were young ...

And I believe Miles knew my sister Steffie .

Sending heartfelt prayers to everyone💕

“ My deepest condolences to Leslie's famiy and loved ones. I met Leslie over a decade ago through my mother, MariLynne Abbott, when they worked together on the WISH's charity in Vancouver. Leslie was always so good to my mother. We would make an effort to visit when I was in Vancouver. I always enjoyed having a dinner with her at The White Spot and hearing about her studies. She was so smart and always elegant. I'm sorry I can not be there for her funeral but she is in my thoughts.
