I have known Linda since we attended Vernon school together. We were close friends for years and then, as life went on, we lost touch. Linda and I started smoking together as teens and boy did we get sick! I stood up at her wedding and just loved her. She was sweet and kind and absolutely loved children. Her nieces were so very loved by her. I found out about her passing through my Mumford notification. Strangely I had been thinking so much about her lately and just did not get on the phone soon enough. My heart is sad...rest well you sweet woman.

I am so sorry to come across this after your passing. I volunteered at the Judson Center Lahser Respite home in 2000-2002 on Saturdays. We worked together to take care of the kids in respite. You knew how to take care of the children very well. I ran into you a couple times once was at the Salvation Army Christmas party for the developmentally disabled In Royal Oak. You were very kind to my Gale too as she was developmentally disabled. I knew you were sick there for a while too than took care of your mom until she passed. My Gale died last August before you did from epilepsy and breast cancer. I was recently at the Lasher Respite home to drop off blue pads for the kids as Gale had passed. My sincere sympathy to your family and the Judson Center.
