“ Friendship with Shelley goes all the way back to Vernor School. When I first met her father as a young girl, I immediately fell in love with him because he was as handsome as a movie star....like Clark Gable!. Thereafter, I always called him "Clark"! I will forever cherish his memory. Rest easy, my movie star idol. Amy Cutler

*I believe your parents were patrons at the Novi Library when I was a librarian until my retirement in 2012. But I think of them often because they were refined, gracious, and devoted to each other. I felt an immediate connection to them, but little did I realize that it was through Bet Shalom. I often recommended books to your mother because, even after your father had to select books for her because she could no longer come to the library in person, she knew I knew her taste, and I would set aside books that I knew she would like. Both of your parents were special people whom I'm sure will occupy special places in your hearts always. May their memories be a blessing.
