“ *I met Marie in January 2018 when I began attending Hebrew classes at Beth Tephilath Moses. Marie was always kind and friendly and dedicated to her Jewish faith. The last time we spoke about 4 months ago we discussed Torah and she commented that she was not afraid to move on to the next life. Perhaps she knew.... I will always remember Marie and am glad I knew her for these few years*

“ Marie was intelligent, kind and funny. She could always bring a smile to your face and you always felt embraced by her love. I will miss her dearly. May she find peace and a greater understanding of the questions of the world.

“ My sister had a loving heart and an active mind. She was a dedicated health care professional, and she made a point to treat everyone with kindness and respect. She was curious and loved learning about so many things, especially science. She valued equality and the dignity of every human being. While I am sad she is gone so soon, I am glad that she was able to fulfill her hope to travel a little and see the Grand Canyon, and to touch so many lives with grace.
