“ *Marilyn was a good friend of mine and my classmates way back in grade school, James Vernor Elementary School in Detroit. We have since scattered around the country and many years have passed but still have cherished memories of those early days, and our first true friends. Have memories of Marilyn's parents and her brother Tom and sister Doreen, too. All still live in our hearts and minds with much love. Suzy Aisen*

*I worked with Marilyn for 22 years. She was a very successful Business Woman. When you spend that many days and hours together you become like family. It seems like just yesterday we were working together. Never realized how I would feel with you gone. We were a team. I miss you, love you, and old times together. Your friend Anita Stansberry*

*Marilyn was a very close friend of mine when we were little girls going to Vernor School. I used to love sleeping at the Cohen's house on Tracey because we always had so much fun. I am very saddened to learn of her death. May her memory be a blessing.  
I send my condolences to Aaron, Tommy, and Doreen.
