“ I am so sorry to hear this news. Mrs. Gitelman was so nice to talk to the whole school after I left HDS to deal with my cancer - after I came back no one teased me about being bald, or the fact that I needed a wheelchair to get around. She was an angel to a kid who needed a friend - God bless her and make her memory a blessing.

How much we are saddened by your terrible loss.  
ברוך דייו האמת  
Our connection to your families, go back to 1969, when we met dear Auntie Sara and David and Naomi, in the Olim Absorption Center in Lod, more than half a century ago..  
We remember meeting Marlene and Zvi, at the Cern's apartment, in Ra'anana, and our son Yossy, uses the הגדה which they gave him for his מצווה בר.  
Happy memories., from the past.  
To all of you, we send our deepest condolences, and all our love.

“ Dear Zvi,

*I was so saddened to hear about your loss. I wish I had met Marlene, but from people who knew her, I had heard only praise for her as a human being and as a professional. Your loss and that of your family, must be devastating. May all the wonderful memories you must have sustain you all in your sorrow and may Marlene's memory be for a blessing.*

*Yours,  
Michlean*

“ *Oh my, I am so sorry to hear of Marlene's passing. Though we did not work closely together, I would often stop by her office to drop off materials for specialized cataloging. She was always kind, and I enjoyed those small interactions. May her memory be a blessing.*

“ *I was privileged to be the Gan teacher for two years when Marlene was head of school at HDS. This was my first teaching job and I was privileged to work under her gentle guidance. I always look back on those two years as two of the best in my teaching career. When we moved to Southfield we were neighbors in Beacon Square. I have very fond memories of a quiet, kind soul in Marlene. Wishing her entire family only sweet memories. May her memory always be a blessing. Linda Jacobson*
