“ *Marty was an amazing soul. He kept his mind active all these years and lived the best life he could through every challenge he faced. I remember him fondly during my 20 years at the Jewish Apartments, and knew him before then as someone ready to help anyone with a smile on his face. Marty had a warmth beyond words.*

May he dance and sing free forever more and be blessed with eternal love and peace.

“ The heading of this section instructs us to "leave a memory of..." IMPOSSIBLE! From the time that Shelly and I began our 29 year adventure at the Fleischman Residence, Marty became part of our lives. He was a frequent presence in the Fleischman lobby, and enjoyed engaging in conversation about any topic under the sun. Marty was somewhat of a computer genius, and if I'm not misrepresenting him, I believe that he was also a ham radio operator. It was rumored that Marty could repair all sorts of electronics. He reveled in being called to the Torah for an Aliyah. Marty was the type of person who would give a person in need "the shirt off of his back". I was myself the beneficiary of his special style of Chessed during the early 1990's when I needed a ride to a medical appointment. Marty and the Shapiros shared many beautiful memories back in the day...

I would be remiss if I failed to mention the devotion of his late brother David to him, as well as the love and admiration that Marty constantly expressed for his nephews, nieces, and their respective families.

Marty - you are remembered with great fondness. May your family members be consoled by Heaven amongst the mourners of Zion and Jerusalem.

I am truly saddened to hear Marty is gone. He and I were both Ham Radio friends and went to high school together. Like many others, I was constantly amazed by his attitude, perseverance and amazing sense of humor.

He was a gentle soul, who made a difference everyday and who was always the epitome of positivity and grace.

I will always miss you buddy, you're the best.
