“ What can I say about one of the most amazing character's I have ever had the pleasure to work with. Just like everyone else in the Event industry, you could not attend an event without know Marvin. He was a staple at every event with his big smile, coup of coffee and a fliting personality. I hired him at LeafFilter, where I got to know him even better as his Manager, and then his very good friend. We never lost touch, shared some dinners and lunches together, and I enjoyed all of his jokes and weekly check up calls. I will miss him dearly as will everyone else who had the pleasure of working a booth with him.... or trying as none of us could keep up with him. The events will never be the same.... The world needs characters, and we just lost one very special one... I know you are with your beloved wife and I wish you and your family everlasting peace.
